

INFORMATIONAL TARIFF

APPLICABLE TO

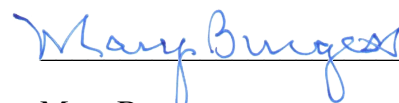

FIBER OPTIC PROVISIONING

OF

MAINE FIBER COMPANY, LLC

This tariff contains the descriptions, regulations, and rates applicable to the provisioning of strands of fiber optic cable by Maine Fiber Company, LLC, (the Company) with its principal offices at 482 Congress Street, Portland, ME 04101. This tariff covers fiber optic facilities furnished by the Company within the State of Maine. This tariff is filed for informational purposes only. Parties seeking to obtain fiber optic facilities from the Company should review the information provided at Company's website (<http://www.mainefiberco.com>) to determine the status of the Company's facilities and to obtain Company contact information to arrange for the provisioning of fiber optic facilities. The filing of this tariff does not constitute a firm offering of facilities. All customers seeking fiber optic facilities from the Company will be required to enter into a written provisioning agreement with the Company.

Filed with the Maine Public Utilities Commission August 18, 2022

Mary Burgess

Maine Fiber Company, LLC

A. PURPOSE OF TARIFF

The purpose of this tariff is to meet the requirements of 35-A M.R.S.A Section 4-B (A), which requires that dark fiber providers confirm (in a schedule of rates, terms and conditions filed for informational purposes only) their status as an open-access, non-discriminatory provider of dark fiber.

B. SUMMARY OF OFFERING

The Company offers its fiber optic and colocation facilities (the Facilities) to carriers and end users (the Customers) on an open-access, non-discriminatory basis at the rates set forth herein and, further, in conformity with the representations made in obtaining, and the terms of, the federal grant obtained by the Company.

The Company provides Facilities only, and will not provide any telecommunications services or undertake to carry end user or carrier communications for compensation or otherwise.

The location of the Company's Facilities can be reviewed at the Company's website or by contacting a Company representative.

C. STATUS OF TARIFF

This Tariff does not constitute a binding offer to provide Facilities, but rather is informational only. All customers seeking dark fiber or colocation Facilities from the Company will be required to enter into an appropriate binding agreement (the "Agreement") with the Company. The Company will make commercially reasonable efforts to ensure that the terms it offers to customers are consistent with the terms set forth in this Tariff, as it may be updated from time to time, and/or the representations made in obtaining, and the terms of, the NTIA grant. However, in all cases, and in the event of any conflict between the terms of the Agreement and this tariff, the terms of the Agreement shall govern.

D. ELIGIBLE CUSTOMERS

The Company will provide its Facilities to both end users and telecommunications carriers on the same terms. Certain offers may require customers to meet specific qualifications as noted herein. The Company reserves the right to review the creditworthiness of any potential Customer, to require a deposit in its discretion prior to providing any services, and to terminate the provisioning of Facilities provided to a Customer in the event of non-payment in accordance with the terms of the Agreement. The Company reserves the right to deny or terminate the provisioning of any Facility used or to be used in any illegal activity.

E. FPA PROVISIONS COVERING LIMITATIONS ON LIABILITY, INDEMNITY, WARRANTY, FORCE MAJEURE AND INSURANCE

The Agreement shall contain commercially reasonable and customary provisions covering limitations on liability, indemnity, warranty, force majeure and insurance as well as other terms typically found in sophisticated commercial agreements. For the avoidance of doubt, the Agreement shall provide for fixed penalties for late payment, the Company's right to disconnect Facilities to such a Customer, and indemnification of the Company from any liability to end-users as a result of Company's exercise of its rights in the event of late payment by a Customer.

F. RATES

The generally applicable rates, terms and conditions for the Facilities to be provided by the Company are set forth on Attachment 1.

Attachment I

Maine Fiber Company Tariff

Section A: Generally Applicable Rates, Terms, and Conditions

The following rates, terms, and conditions shall apply:

- Customers and Company will execute Agreements, which will include an annual price adjustment equal to the annual percentage increase (if any), of the U.S. Bureau of Labor Statistics Consumer Price Index for All Urban Consumers (CPI-U): U.S. city average.
- Individual Customers may be required to provide a security deposit in the event the Company, in its sole determination, believes a security deposit is necessary after a review of Customer's credit history.
- Rates are subject to change.
- Colocation and Access facilities have a limited capacity and are made available to eligible customers on a first-come first-served basis upon execution of an appropriate agreement.
- Non-standard splicing/interconnection will be charged at cost + 18%. See tables below for standard interconnection charges.
- Prices do not include any applicable taxes, fees, assessments, etc.

Section B: Rates

For commitments made on or after July 1, 2022

<u>Total Strand mile commitment</u>	<u>Standard Network Rates</u>	<u>Portland to Brunswick (1)</u>	<u>Orono to Bangor</u>	<u>Ellsworth to Bar Harbor</u>	<u>Portland to South Berwick</u>	<u>Commitment Term Options</u>
500 + (2)	\$18.04	\$33.85	\$28.30	\$28.30	\$28.30	3-20 years
Less than 500 (2)	\$22.75	\$33.85	\$28.30	\$28.30	\$28.30	3-20 years
Any Strand Amount (2)	\$33.85	\$33.85	\$28.30	\$28.30	\$28.30	Less Than 3 years

(1) Two (2) strand minimum from end to end with limited on/off capabilities.

(2) Strand miles are licensed from point to point with maximum density of 20% of bundle capacity (above 20% revocable based on demand)

All rates pertain only to fiber licensed from the Company within the State of Maine.

ReGen Site Lease Rates for Commitments Made on or After October 1, 2018:

Site Location	Base Price (1)					Installation Charge (Per Rack or 1/2 Rack)
	Monthly Recurring Charge				DC Power (Breakered 20 Amp)(2)	
	Cabinet Facilities		DC Power (Breakered 20 Amp)(2)			
	Full Rack	1/2 Rack	Single Feed	Dual Feed		
Sherman	\$1,350	\$850	\$150	\$250	\$2,500	
Calais (3)	\$1,350	\$850	\$150	\$250	\$2,500
